

SEVERE EARTHQUAKE SHOCKS ARE EVIDENT

MANY HOUSES ARE DAMAGED IN SAN JOSE, COSTA RICA

SEISMOGRAPHS IN THE UNITED STATES RECORD THE SHOCKS EXPERIENCED

POINT TO A FIELD OF DISTURBANCE ABOUT 2,000 MILES FROM CHICAGO

New York, March 4.—Severe earthquake shocks occurred at Port Limon, Costa Rica, early today, according to private advices reaching here.

The quakes were severe at San Jose also, many houses being damaged.

The first shock was felt at 5 a. m. and the trembling was continuous until 8 a. m.

2 HEAVY QUAKES RECORDED ON SEISMOGRAPH

Milwaukee, Wis., March 4.—The seismograph at Marquette University here recorded two heavy earthquakes early today, according to Rev. John Kremer.

The first tremor started at 4:15 a. m. and lasted for 15 minutes. It was very intense, Rev. Kremer declared. The second started at 5:45 a. m. and lasted about ten minutes, being much lighter than the first. Rev. Kremer said the instrument indicated the shock was about 2,000 miles from here in a southwesterly direction.

CHICAGO SEISMOGRAPH ALSO REGISTERED SHOCKS

Chicago, March 4.—Earthquake shocks were registered on the weather bureau seismograph here today.

The first quake started at 4:15 and reached its maximum intensity at 4:25. Minor shocks continued until 8:30.

The distance was about 2,000 miles from Chicago.

Scandinavian-American Bank Affairs are Aired

Grand Forks, N. D., March 4.—Trial of the defendants indicted by a Cass county grand jury following investigation of the affairs of the Scandinavian-American Bank of Fargo is scheduled to commence before Judge Kneeshaw here today. The cases come here on a change of venue, affidavits of prejudice having been filed both against Cass county and Judge Cooley, who presided at the Cass county term of court when the cases were first called for trial.

The present criminal cases were among the many attempts of county and state officers to fix responsibility for the failure of the Fargo bank with large deposits of state money. The bank was commonly called the "nonpartisan league bank" because the majority of the stock was held by a corporation originally formed to finance the league. Organizations affiliated with the nonpartisan league as the United Consumers Stores company and National Publishers Bureau service did business with the Scandinavian-American bank.

Charges against defendants today include alleged embezzlement, false entries, false reports to bank examiners, and receiving deposits after the bank was known to be insolvent.

Defendants include: H. J. Hagen, Seattle, Wash., former president of the bank; J. J. Hastings, N. G. Eggen, P. R. Sherman, former officers and employees of the bank; C. W. Cathro, I. P. McKenney, formerly connected with the bank of North Dakota; and Frank Heaton, former cashier of the bank who served after conviction for embezzlement.

U. S. Orders Neutrality Stand in Honduras

Washington, March 4.—Strictest neutrality as between the rival revolutionary movements in Honduras has been enjoined upon American naval commanders in Honduran waters. They have been directed to confine themselves strictly to the protection of American lives and interests.

SEVERAL MARINES WOUNDED, FIGHTING IN CEIBA, HONDURAS

(By United Press)
Washington, March 4.—Several American marines have been wounded in Honduras and more than nine blocks of the city of Ceiba are in ruins, according to a report here today.

The report, while unconfirmed, was said to have been received by the navy department. There it was said that all statements must come from Secretary Hughes.

Burning of Ceiba was said to be the last move of the government troops before abandoning the city. The battle between government forces and the army of General Ferrera is said to have been in progress before Tegucigalpa. No reports, however, have been received by the state department.

AMERICAN CONSULATE IS PROTECTING MANY

Washington, March 4.—American marines will be sent to Tegucigalpa, Honduran capital, to protect American interests, it was indicated today at the state department. Marines were landed last week at Ceiba, following an attack on the American consulate. The Boncilla forces under General Ferrera have surrounded the capital, and are now about to march on the city, the state department has been informed.

In addition to its own people, the American consulate at Tegucigalpa is reported to have taken almost the entire foreign colony there under its protection. There are now three American vessels in Honduran waters.

ST. PAUL 70 YEARS OF AGE TODAY

(By United Press)
St. Paul, March 4.—St. Paul is today 70 years old.

A municipal birthday party is to be held at the Auditorium here today, commemoration of the day when the Minnesota territorial legislature issued papers of incorporation that designated and defined St. Paul as a city.

Neighboring cities—Minneapolis, Anoka, St. Cloud, Pine City, Moorhead, Crookston, Detroit, Winona, Fairmont, Pipestone, Litchfield, Willmar, Montevideo, Hibbing and all the rest of them have been invited to send delegations to take part in celebration of the event.

Incidentally today is also the first anniversary of the day when the Federal Power Commission at Washington gave Henry Ford permission to erect a motor plant at the high dam here. This was one of the outstanding achievements in the industrial field in St. Paul in the past few years.

INDIAN WRITINGS DISCOVERED IN CAVE

Great Falls, Mont., March 4.—Indian writings have been found in a cave on Dry Wolf creek by J. C. De Groat, a forest ranger. The pictures, done on the stone in red paint, are preserved and depict hunting, fighting and camp life. A professor versed in such lore has been asked to come from an eastern college to study the discovery. The cave is isolated and it is believed no white man ever had seen the pictures, which may antedate the American Indians.

BAKING POWDER MAN LOSES HOME

(By United Press)
Chicago, March 4.—Fire early today destroyed "Redcroft," \$100,000 suburb home of Warren Wright, president of the Calumet Baking Powder company.

The blaze which started before midnight from an unknown cause, burned the palatial residence to the ground, but was extinguished this morning before nearby buildings were burned.

AIRPLANES TO BE USED IN BOMBING PLATTE ICE JAM

TO PREVENT A SERIOUS FLOOD BETWEEN COLUMBUS AND FREMONT, NEB.

IF JAM IS NOT BROKEN, RAILWAY AND WAGON BRIDGES WILL BE SWEEP AWAY

(By United Press)
Omaha, Neb., March 4.—Airplanes will be used today in bombing ice jams in an effort to prevent a serious flood along the Platte river between Columbus and Fremont, Neb.

Gorges ten feet high and a mile wide have formed in several places, forcing the river out of its bank and inundating many thousands of acres of valuable farm lands.

If the jams are not broken up, it is feared that railroad and wagon bridges already weakened by the high water, will be swept away.

Two Martin bombers which arrived here from Langley Field, Virginia, last week are at the danger point. The aviators are mapping out the jams.

Five men are marooned on Brown's Island, five miles west of Columbus. The men are not in serious danger. Supplies are being sent them by means of a wire cable stretching from the mainland to the island. Five persons marooned at another island at Fremont when a bridge went out, were rescued by boats last night.

GIRL CHARGED WITH TAKING \$7,000

IT TICKLED LEILA H. LEWIS, OF ST. PAUL, TO BE LAVISH WITH FRIENDS

(By United Press)
St. Paul, March 4.—It tickled her vanity to be lavish with her friends, Leila H. Lewis told authorities when they confronted her with a \$7,000 embezzlement from the First National bank of St. Paul.

The embezzlement was discovered only after a storekeeper told police that the girl was cashing checks too large for her \$75 a month salary. She was a bookkeeper in the bank.

Extravagant parties, gifts of hats, gowns and lingerie to her girl friends and expensive modes for herself consumed all the money, Miss Lewis, 27, said.

Her mother, an invalid for years, died and was buried last Friday, and for this reason bank officials withheld prosecution until Monday.

Miss Lewis was recently prominent in student affairs at the University of Minnesota.

Embroidered Ribbon New Trimming for Spring Dress Styles

Paris, March 4.—Embroidered ribbon, as trimming for dresses and frocks, is about the only suggestion of anything new in the spring fashion displays. There appears to have been no attempt by dressmakers to effect any change from the straight motony of general lines.

National emblems, festoons, geometrical designs, monograms, Egyptian, Bulgarian, Rumanian and all French characters have been embroidered on ribbons of all shades and colors.

The majority of street costumes have pleated skirts, usually with attached blouses and short box jackets. Kasha is the leading fabric in day dresses worn with long coats.

Pastel blue appears the predominant color.

SULTAN'S HAREM GOES ON HUNGER STRIKE FOUR DAYS

(By United Press)
Constantinople, March 4.—The sultan's harem has been on a hunger strike for four days, according to reports from the palace. The occasion was the move by the Turkish government to abolish the caliphate.

The Turkish national assembly, after a stormy session, voted in favor of abolition of the caliphate last night.

FORD TO AID THE AMERICAN FARMER, SAYS BANKHEAD

"IF GIVEN MUSCLE SHOALS TO DEVELOP AS NITRATE AND POWER PROJECT"

REP. BURTON OF OHIO OPPOSED FORD OFFER, REGARDS IT AS INADEQUATE

(By United Press)
Washington, March 4.—Henry Ford will emancipate the American farmer, if he is given Muscle Shoals to develop as a nitrate and power project, Representative Bankhead, Alabama, asserted in the house today, when Ford's Muscle Shoals offer was formally taken up.

Presenting a resolution providing for three hours debate, Representative Burton, Ohio, said the Ford offer was "a radical departure from the water policy of the United States."

"Furthermore, I regard this offer as ridiculously inadequate," he said. Bankhead congratulated the house on having an opportunity to pass judgment on the bill after two years' delay.

"Heartily and unreservedly favor the constitutional acceptance of Henry Ford's offer," said Bankhead. "Because of the high costs of fertilizer," he said, "many farms have been abandoned. The people in California are using alfalfa hay at \$40 per ton to spread over orange groves."

A vigorous plea for an acceptance of Ford's offer was made by Representative Almon, Alabama, in whose district Muscle Shoals is located.

U. S. FACES FARMING CRISIS, SAYS LADD

MUST DECIDE WHETHER TO BE BASICALLY INDUSTRIAL OR AGRICULTURAL

Washington, March 4.—The United States is facing a decision whether it will be basically industrial or agricultural, Senator Ladd (rep. N. D.) declared in a senate speech urging farm relief. He spoke of the Norbeck-Burness bill proposing federal aid in financing diversification of crops.

"England faced the same crisis 60 years ago," said Senator Ladd, "and, declining to be industrial, allowed her agriculture to pine away. Sweden, determined to foster agriculture, is today the prosperous country in Europe."

Every interest except the farmer in the United States, the senator said, had been aided either through a discriminative tariff, or by direct or indirect subsidy. Unless some concrete relief is afforded the farmer, he declared, there is danger of the great food producing northwest being wiped out.

Los Angeles, March 4.—J. K. Wetherby of Minneapolis won the invitations golf tournament of the San Gabriel Country club, defeating E. P. Erdman of Pasadena, two and one.

REPUBLICAN CO. CONVENTIONS TO BE FOR COOLIDGE

HELD WEDNESDAY WILL DEMONSTRATE STRENGTH OF PRESIDENT IN STATE

MANY CONTESTS OVER SEATING OF DELEGATES SEEM FORESHADOWED

(By United Press)
St. Paul, March 4.—Republican county conventions Wednesday will demonstrate the strength of President Calvin Coolidge in Minnesota, republican leaders said today.

There will be many contests over the seating of delegates by Coolidge forces for the upper hand, it was admitted on all sides.

Boosters of Hiram Johnson attending republican state convention Saturday will witness a fight, but declared the convention will be "packed for Coolidge."

The big fight will come over control of the state organization. Precinct caucuses held throughout the state yesterday, and last night, elected delegates to the county convention to be held Wednesday.

Many delegates will be contested in Hennepin and Ramsey counties, it was said. Members of the democratic state central committee met today to issue a call for county congressional and state conventions to elect delegates to the party's national convention in New York. The state conventions will be held here in April.

WANTS TO RAISE STREET CAR FARE

WABPETON-BRECKENRIDGE CO. WISHES TO CHANGE FROM 5 TO 7 CENTS

(By United Press)
St. Paul, March 4.—The Wahpeton-Breckenridge street railway company wants to increase its rate of fare from five to seven cents.

Permission of the railroad and warehouse commission to make the increase was asked in an application for a temporary increase, received by Commissioner Iven Bowen today.

The company says its revenue lacked \$900 of meeting its expenses last year, and it must either have increased fare or close down. The state railroad and warehouse commission, Mr. Bowen wrote the company, can allow an increase in fares in Minnesota, but cannot alter the rates in North Dakota. No date for a hearing has been set.

BRITISH AMBASSADOR'S SUCCESSOR ARRIVES

New York, Feb. 29.—Sir Esme Howard arrived on the Olympic en route to Washington to assume the British ambassadorship vacated two months ago by the retirement of Sir Auckland Geddes.

He traveled alone, expecting to be joined, when he become established at Washington, by Lady Howard, who is in Italy.

Later, he said, three of his five sons probably would come here to enter school.

Newspaper men agree Sir Esme was the most democratic diplomat the British Isles ever had sent to America. He chatted freely—within the limit prescribed by the diplomats' manual—and was liberal with cigars. But he hadn't much to say about mutual problems confronting the United States and Great Britain, because, as he said, "my predecessors have wiped the slate so clean that nothing of importance remains for me to do."

He expressed a great admiration for this country and its historical figures, especially Lincoln.

PATENT ON BOLT INVOLVED IN \$15,000,000 SUIT

(By United Press)
St. Paul, March 4.—Ownership of a patent on a bolt used on railroad trains is involved in a \$15,000,000 suit against the Illinois Steel company, filed today.

Mrs. Katherine Ryan, St. Paul, contends the steel company was shown her bolt, designed to automatically resist loosening by vibration, about 20 years ago. The company refused her bolt, she said, claiming machinery necessary to manufacture it would be too expensive. Shortly afterward, she said, the steel company began manufacturing the bolt in unlimited quantities.

The suit will be tried at the June term of court here.

BELTRAMI COUNTY REPUBLICAN MEET

(By United Press)
Bemidji, March 4.—Beltrami county republicans are scheduled to meet in county convention here tomorrow at 10 o'clock.

A call was issued by the Beltrami county committee of the republican party recently for the meeting.

The convention will be presided over by Chairman F. R. Duxbury and is for the purpose of adopting a platform or statement of political principles and electing state delegates to the state and congressional district conventions as may be apportioned, and electing or apportioning in such manner as it deems best a county committee to serve until successors are chosen.

ROUMANIAN RECLUSE BELIEVED INCINERATED

(By United Press)
Siren, Wis., March 4.—A search was made today for two men believed to have murdered, robbed and incinerated John Hopartyou, Roumanian recluse.

Hopartyou's skeleton was found in the ashes of his burned cabin three miles from here. He is known to have possessed large sums of money and to have kept between \$1,000 and \$2,000 in the cabin. The cabin was burned last Friday night.

Tracks of two men lead from an automobile, driven on an old unused logging road, to the cabin and back again.

A coroner's inquiry late yesterday determined that Hopartyou had been killed before the body was burned. A year ago Hopartyou advertised in a Roumanian newspaper for a wife. Miss Amelia Popovice came to Siren from New York city and they discussed wedlock. Last spring she started suit for heart balm, claiming Hopartyou failed to carry out his promise. She was awarded a verdict of \$1,200 in the Grantsburg court, but has not yet collected the judgment.

No one seems to know where she is now. Hopartyou moved to Siren from Austin, Minn., three years ago. His only relatives so far as is known here are two brothers-in-law who formerly worked in the north woods near here and now are believed to be lumbering in Montana.

PROSPECTS DARK FOR PEACE AT TUT TOMB

Cairo, March 4.—While the Egyptian government has issued the program of the official opening of Tutankhamen's tomb next Thursday and has issued more than 100 invitations a final attempt to effect a compromise is being made through the efforts of Professor James Breasted, who has been requested by Countess Carnarvon to act as intermediary and who has been negotiating with the Egyptian government. When asked regarding the prospects of settlement, Professor Breasted replied he did not think them very bright.

ADMINISTRATION OF DAUGHERTY TO BE INVESTIGATED

CLAIMED PLOT ON FOOT TO DISCREDIT SENATOR THOMAS J. WALSH

DAUGHERTY PROBE BY COMMITTEE TO BE VEILED IN DEEPEST SECRECY

(By United Press)

Congress Today By United Press

Senate: Norbeck-Burness farm bill. Teapot Dome hearing. Daugherty committee meets in executive session.

House: Considers Muscle Shoals. Ways and means hearing on soldier bonus. Naval affairs committee considers Alameda naval base project.

Washington, March 4.—Powerful influences are already at work seeking to intimidate and "hush up" prospective witnesses in the senate investigation of Attorney General Daugherty's administration of the department of justice, it was disclosed here today.

At the same time a plot to discredit Senator Thomas J. Walsh, who opened up the oil scandal, was revealed. Scores of investigators have been digging up every detail of Walsh's past life and have been prying into the affairs of members of his family. Walsh's friends see in this a plot to discredit him so as to force him to drop the oil investigation, or to destroy the weight of his disclosures.

Senator Burton K. Wheeler, of Montana, in whose hands the direction of Daugherty's investigation has been placed by the investigating committee, today made known the efforts to hush up witnesses in that investigation, when he announced that from now on every move of the committee would be veiled in deepest secrecy.

W. J. BURNS TAKES THE STAND

Washington, March 4.—Mrs. Jessie Duckstein, wife of E. B. McLean's private secretary, today told the Walsh investigating committee that William J. Burns furnished her with the justice department code used in transmitting telegrams to McLean at Palm Beach. Mrs. Duckstein said she is a special agent of the department of justice.

Burns, former chief of the agency bearing his name, and now head of the bureau of investigation of the department of justice, took the stand shortly before noon.

He testified McLean was appointed an agent of the department of justice some time in this administration. Burns said he suggested Mrs. Duckstein inform her husband that McLean's connection with the department was being investigated.

He said he thought McLean might wish to resign, rather than have disclosures of his connection "embarrass the attorney general."

Burns admitted that the code used in communication with McLean is not obsolete. It is still used by the department. (Burns gave the impression a few days ago in an interview that the code was obsolete.)

WALSH BALKS ALL EFFORTS TO "GET HIM"

Washington, March 4.—Forestalling all efforts on the part of powerful influences to "get him" for his uncovering of the oil scandal, Senator Thomas J. Walsh, Montana, today sprung a new sensation by presenting to the senate oil committee correspondence between himself and E. L. Doheny, California oil magnate, regarding a suggestion that they be

He chatted freely—within the limit prescribed by the diplomats' manual—and was liberal with cigars. But he hadn't much to say about mutual problems confronting the United States and Great Britain, because, as he said, "my predecessors have wiped the slate so clean that nothing of importance remains for me to do."

He expressed a great admiration for this country and its historical figures, especially Lincoln.

PATENT ON BOLT INVOLVED IN \$15,000,000 SUIT

(By United Press)
St. Paul, March 4.—Ownership of a patent on a bolt used on railroad trains is involved in a \$15,000,000 suit against the Illinois Steel company, filed today.

Mrs. Katherine Ryan, St. Paul, contends the steel company was shown her bolt, designed to automatically resist loosening by vibration, about 20 years ago. The company refused her bolt, she said, claiming machinery necessary to manufacture it would be too expensive. Shortly afterward, she said, the steel company began manufacturing the bolt in unlimited quantities.

The suit will be tried at the June term of court here.

BELTRAMI COUNTY REPUBLICAN MEET

(By United Press)
Bemidji, March 4.—Beltrami county republicans are scheduled to meet in county convention here tomorrow at 10 o'clock.

A call was issued by the Beltrami county committee of the republican party recently for the meeting.

The convention will be presided over by Chairman F. R. Duxbury and is for the purpose of adopting a platform or statement of political principles and electing such delegates to the state and congressional district conventions as may be apportioned, and electing or apportioning in such manner as it deems best a county committee to serve until successors are chosen.

ROUMANIAN RECLUSE BELIEVED INCINERATED

(By United Press)
Siren, Wis., March 4.—A search was made today for two men believed to have murdered, robbed and incinerated John Hopartyou, Roumanian recluse. Hopartyou's skeleton was found in the ashes of his burned cabin three miles from here. He is known to have possessed large sums of money and to have kept between \$1,000 and \$2,000 in the cabin. The cabin was burned last Friday night.

Tracks of two men lead from an automobile, driven on an old unused logging road, to the cabin and back again.

A coroner's inquiry late yesterday determined that Hopartyou had been killed before the body was burned.

A year ago Hopartyou advertised in a Roumanian newspaper for a wife. Miss Amelia Popovici came to Siren from New York city and they discussed wedlock. Last spring she started suit for heart balm, claiming Hopartyou failed to carry out his promise. She was awarded a verdict of \$1,200 in the Grantsburg court, but has not yet collected the judgment.

No one seems to know where she is now.

Hopartyou moved to Siren from Austin, Minn., three years ago. His only relatives so far as is known here are two brothers-in-law who formerly worked in the north woods near here and now are believed to be lumbering in Montana.

PROSPECTS DARK FOR PEACE AT TUT TOMB

Cairo, March 4.—While the Egyptian government has issued the program of the official opening of Tutankhamen's tomb next Thursday and has issued more than 100 invitations a final attempt to effect a compromise is being made through the efforts of Professor James Breasted, who has been requested by Countess Carnarvon to act as intermediary and who has been negotiating with the Egyptian government. When asked regarding the prospects of settlement, Professor Breasted replied he did not think them very bright.

ADMINISTRATION OF DAUGHERTY TO BE INVESTIGATED

CLAIMED PLOT ON FOOT TO DISCREDIT SENATOR THOMAS J. WALSH

DAUGHERTY PROBE BY COMMITTEE TO BE VEILED IN DEEPEST SECRECY

(By United Press)

Congress Today By United Press

Senate: Norbeck-Burness farm bill.
Teapot Dome hearing.
Daugherty committee meets in executive session.
House: Considers Muscle Shoals.
Ways and means hearing on soldier bonus.
Naval affairs committee considers Alameda naval base project.

Washington, March 4.—Powerful influences are already at work seeking to intimidate and "hush up" prospective witnesses in the senate investigation of Attorney General Daugherty's administration of the department of justice, it was disclosed here today.

At the same time a plot to discredit Senator Thomas J. Walsh, who opened up the oil scandal, was revealed.

Scores of investigators have been digging up every detail of Walsh's past life and have been prying into the affairs of members of his family.

Walsh's friends see in this a plot to discredit him so as to force him to drop the oil investigation, or to destroy the weight of his disclosures.

Senator Burton K. Wheeler, of Montana, in whose hands the direction of Daugherty's investigation has been placed by the investigating committee, today made known the efforts to hush up witnesses in that investigation, when he announced that from now on every move of the committee would be veiled in deepest secrecy.

W. J. BURNS TAKES THE STAND

Washington, March 4.—Mrs. Jessie Duckstein, wife of E. B. McLean's private secretary, today told the Walsh investigating committee that William J. Burns furnished her with the justice department code used in transmitting telegrams to McLean at Palm Beach. Mrs. Duckstein said she is a special agent of the department of justice.

Burns, former chief of the agency bearing his name, and now head of the bureau of investigation of the department of justice, took the stand shortly before noon.

He testified McLean was appointed an agent of the department of justice some time in this administration.

Burns said he suggested Mrs. Duckstein inform her husband that McLean's connection with the department was being investigated.

He said he thought McLean might wish to resign, rather than have disclosures of his connection "embarrass the attorney general."

Burns admitted that the code used in communication with McLean is not obsolete. It is still used by the department. (Burns gave the impression a few days ago in an interview that the code was obsolete.)

WALSH BALKS ALL EFFORTS TO "GET HIM"

Washington, March 4.—Forestalling all efforts on the part of powerful influences to "get him" for his uncovering of the oil scandal, Senator Thomas J. Walsh, Montana, today sprung a new sensation by presenting to the senate oil committee correspondence between himself and E. L. Doheny, California oil magnate, regarding a suggestion that they be

MADAME VER HAAR IS MOST PLEASING

Large Audience at Brainerd Musical Club Sunday, Club Sponsoring Artist's Appearance

CONTRALTO OF WIDE RANGE

Enunciation Exceptionally Good, Personality Charming, Ability as Artist Unquestioned

Sunday afternoon the Brainerd Musical club presented the last number in its concert course in the person of Edna Swanson Ver Haar, who pleased Brainerd people a number of years ago in her first appearance here.

In those years she has gained in stage presence and technic and kept all her beauty and charm of personality.

Her audience, which warmed up slowly, was more than enthusiastic long before she finished. With her first encore, a lullaby, "Slumber Sea," she won them completely, and from then on she could have held them indefinitely.

She started her program with a group of foreign songs, which she handled well, enunciating clearly and bringing out the varying moods. Her second group ended with Jubel Rinde, a German song, throbbing with the joy of spring.

In the third group, Titania and the song of the Robin Woman were especially pleasing. In her last group, she showed her versatility by singing different types, from light and airy songs to the tenderness of a mother for her liddle. She finished with two encores, "Necken" and "As I went a Roving," the first a Swedish folk song of a water kelpie, and the other a love song, a very charming thing.

Her voice, for a contralto, had a wide range, and listeners always felt that confidence in her that made them thoroughly enjoy the sustained notes in her highest tones. Her enunciation was exceptionally good, her personality more than pleasing and her ability as an artist beyond question. She has to a high degree, the ability to lose herself in the mood of the song.

Bertha Hagen at the piano, gave able support to Madame Ver Haar, and showed a touch and a mastery of the accompanist's art that helped much to make the afternoon a success.

This closes the season for the public concerts. The Brainerd Musical club has had very fine support from the public and hopes that next year's programs may meet with even greater success.

MRS. ROSE LYNCH DIED

Remains of Well Known Resident Sent to Belle Plaine for Burial

Mrs. Rose Lynch, a well known resident of Brainerd, passed away at 2:15 o'clock Sunday afternoon at her home, 322 North Ninth street, death resulting from the infirmities of old age.

Rose Carroll was born in 1836 in Java, New York, where she was united in marriage to P. Lynch. The family resided in Wisconsin a number of years, then moved to Mankato, Minn., then to Brainerd, where they have lived the past 21 years.

She is survived by eight children, being J. C. Lynch, of Milwaukee, Wis.; Dr. E. W. Lynch, of Minneapolis; Mary Lynch, of Brainerd; R. P. Lynch, of Belle Plaine; Matt Lynch, of Gull Lake; Catherine Lynch, of Houlam, Wash.; Joseph Lynch, of Buffalo, N. Y., and a brother, James Carroll, who made his home with his sister in Brainerd.

Mrs. Lynch was a devout member of the Catholic church. She was loved by all who knew her for her charitable and devoted life, in church and in social activities.

The remains were shipped on the early train Monday morning to Belle Plaine, and laid to rest beside her husband, who preceded her in death in 1916.

NEW AMENDMENTS TO CITY'S LAWS

Ordinance Sets Drayman's License at \$1. Another Changes Date Obtaining Dog Licenses

DAIRY INSPECTOR'S REPORT

Dr. R. A. Hallquist Requests Purchase by City of a Cream Testing Outfit

Two new amendments to the city ordinances were given their first reading at the regular meeting of the city council on Monday evening. The first was an ordinance setting the draymen's license at one dollar, the other sets the date of obtaining dog licenses ahead one month, making them payable on April 1st instead of May 1st as formerly.

A committee of the city draymen addressed the council in regard to the licenses charged them, and Aldermen R. H. Paine and Andrew Wesley presented an ordinance to cover the matter and moved that it be given its first reading.

Dog License Amendment
R. H. Paine offered an amendment to ordinance No. 21, as amended by ordinance No. 124 and No. 293, setting the date of the dog license making them payable on April 1st. On motion this ordinance was given its first reading.

Cream Testing by City
Dr. R. A. Hallquist, city dairy inspector, requested the purchase of a cream testing outfit. On motion, this was left with Alderman R. H. Paine, Dr. Hallquist and the purchasing committee.

Claims Car Damages
G. S. Swanson, of Swanson & Swanson, attorneys, presented a communication from one of their clients, Colin Peter, asking damages in the amount of \$33.65, which it is alleged occurred to Mr. Peter's automobile as he drove south on Twelfth street between Rosewood and Quince the car running into an unprotected hole in the middle of the street, caused by a broken water main, it is alleged in the communication. On motion this matter was referred to the Water and Light Board.

Asks Increased Aid
William Waldrop addressed the council requesting an increase in his aid from the city, which was referred to the poor committee.

Curb Gasoline Pumps
The Benson Motor Co., made application to install an additional curb gasoline pump at its garage on West Laurel street, and asked a license to operate two gasoline pumps, enclosing check to cover the amount of the license. On motion same was granted.

The Service Motor Co., by W. M. Mahlum manager, made application to install and operate a curb gasoline pump at 309 South Sixth street and enclosed check to cover the fee. On motion the license was granted.

Reports of Officers
The reports of the city dairy inspector, the city nurse, police department, clerk of the municipal court and the poor committee were read and ordered filed.

Milk Licenses
The following applications for milk licenses were presented, and on motion licenses were ordered issued, subject to the approval of the dairy inspector: William Sullivan, Herman Hermanson, Peter Dryburgh, William Wilbur, H. C. Nubbe, Ira Swift, E. H. Leupker and Mrs. E. Beste.

The opinion of the city attorney as to the fire insurance policies was presented, and on motion was accepted.

White Park Under Park Board Control
A resolution to turn white park, better known locally as the tourist park, over to the Brainerd Park Board, was offered by Alderman C. H. Paine and Ernest Ritari, who moved its adoption. On roll call all present voted in favor of the resolution.

Street Committee
The chairman of the street committee made a report that the matter of maintenance of Mill street and Ash avenue for 1924 had been taken up with the county commissioners as requested by the council, and that the commissioners agreed to care for Mill street free of charge, the city to maintain Ash avenue. The matter of purchasing mushroom lights for street intersections was left until the next council meeting.

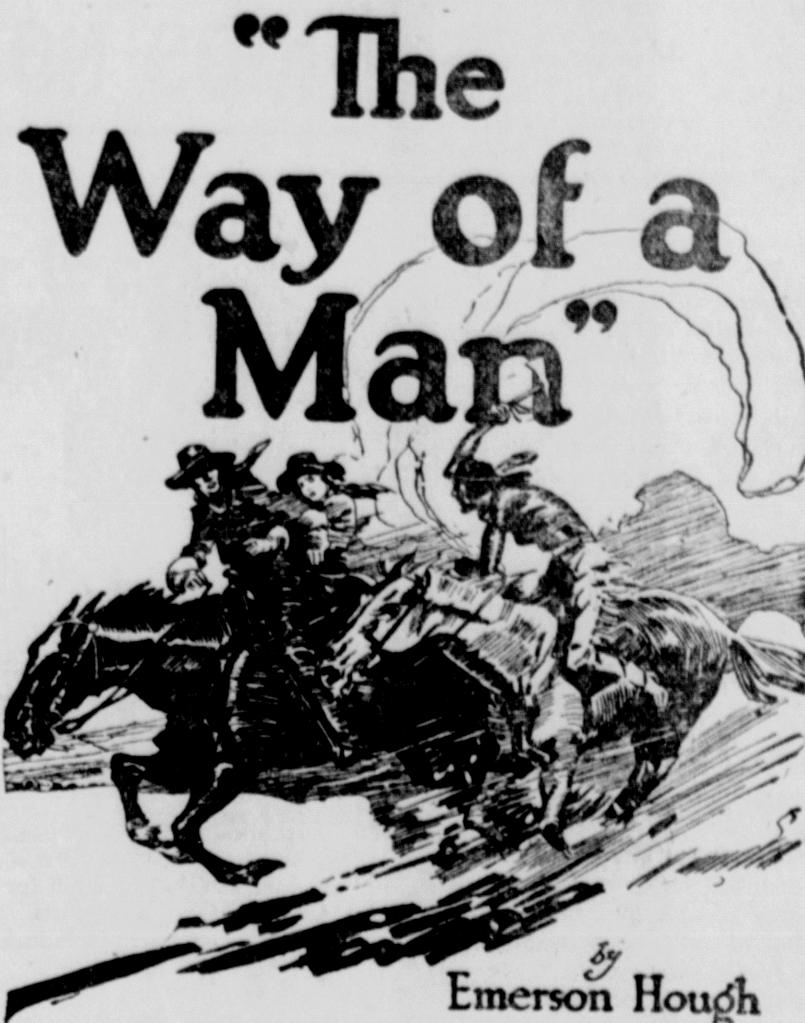

Street Signs
On motion twenty street signs for Northeast Brainerd were ordered purchased for the sum of \$8. No report was made concerning the matter of a safety device for the railway crossing near the west end

On motion the allowance to Peter Bishop and William Waldrop was increased from \$14 and \$25 respectively per month.

John Jackson's Complaint
The city engineer read a letter from John Jackson, of Eighth street, Northeast, in regard to an open ditch in the vicinity of his property. This matter was taken up last year and it was found at that time that it would be too expensive to drain, and nothing can be done about it at this time. The aldermen of the Third ward were requested to see the property owners about a sewer assessment to put in sewer connections to drain this property.

Bills Allowed
On motion the bill of R. T. Campbell for salary was allowed. Also the bill of Evergreen Cemetery Association for \$5 for the burial of the Floyd baby. Other bills allowed included one of the O'Brien Merc. Co., for merchandise furnished Bishop and Waldrop, also of Mrs. Erick Graff and Mrs. H. C. Stein as matrons at the city jail at the rate of 35c per hour. All current bills except the payrolls were laid over until O. K'd by the finance committee.

On motion the city property and the Water and Light Board were requested to look over the city lot on West Laurel street and clean up same. The city engineer was ordered back on duty as of March 1st, after two months of partial duty.

All members of the council were present at Monday night's meeting.

RESOLUTION

BE IT RESOLVED, By the City Council of the City of Brainerd, that the premises used as a tourist park, and known as White Park, located on the east bank of the Mississippi River, just south of Laurel Street, which premises were donated to the City for park purposes on May 16th, 1921, be, and hereby is, designated as a public park ground under the direction and supervision of the Park Board of the City of Brainerd, upon conditions as in the City Charter of the City of Brainerd in such case made and provided.

MADAME VER HAAR IS MOST PLEASING

Large Audience at Brainerd Musical Club Sunday, Club Sponsoring Artist's Appearance

CONTRALTO OF WIDE RANGE
Enunciation Exceptionally Good, Personality Charming, Ability as Artist Unquestioned

Sunday afternoon the Brainerd Musical club presented the last number in its concert course in the person of Edna Swanson Ver Haar, who pleased Brainerd people a number of years ago in her first appearance here.

In those years she has gained in stage presence and technique and kept all her beauty and charm of personality.

TUESDAY, MARCH 4, 1924

THE TIME TO "PLACE YOUR HEART"

BRainerd is today mobilizing something more than its practical sympathy and its impulses of good will for the Heart Fund campaign of 1924. It brings to bear quite as surely its plain business sense.

When a man pays taxes he invests in the corporation known as the nation, the state, the county or the municipality. He shares in the usufruct of what his tax money helps to buy in necessary public service and in other things that go to make for him a fuller and happier life. His family and friends share it with him.

When it comes to investing in the Heart Fund of the Salvation Army he can rest assured that what he gives yields the maximum of beneficent result, and that that result not only blesses the unfortunate, but reflects back favorably on his own personal interests in the community.

The work that is accomplished by the Salvation Army in Brainerd is not merely work that ought to be done. It is work that must be done in some way or other. The Salvation Army endeavors to do that work in the best way. Possibly there can be a better way, but the genius of man has not yet found a better way than the direct, sensible means of the Army. This method has been operative in Brainerd long enough to give it a complete and thorough test in practical efficiency. It is no longer experimental here or the other cities of the state. The intelligent judgment of the city, in the light of this test, conceives of the Salvation Army as well entrenched as the other public and civic institutions of the community.

This is a constructive effort that embodies both the material and the spiritual phases of life. It is a constructive effort in that, while it reduces philanthropy to a science, exalts it to the beautiful thing enjoined on mortals in Holy Writ. It is a constructive effort that re-establishes self-respect in the individual whenever the virtue may have lapsed, and thus discourages the human curse which may be called complacent pauperism.

Subscribing to the Heart Fund is just what it has been represented as being—at once a paying investment.

HOW TO BUILD UP A COMMUNITY

IN order to build up a community, there must be harmony. In order to have harmony, we must have that spirit of good fellowship based on understanding, sympathy and cooperation. Unless you are willing to consider the problems sometimes affecting branches of our community life and assist in solving them you cannot expect the community as a whole to prosper. If you confine your attention only to your own business or interests, and pay no attention to your neighbor, you cannot expect the whole community to thrive.

Our needs, our successes, are all intertwined. If a part of the community suffers through the operation of some stern, unrelaxing economic law, we all suffer.

So, if a community is to thrive, like an individual, every function of civic life, every spirit of creative and building effort, must be in complete harmony and functioning.

The manufacturing interests of Brainerd represent a considerable part and parcel of the city's prosperity. If they thrive, if the community fosters them by buying home-made products, its effect, like a life-giving and building tonic is felt in every artery of trade. Fostering home industries puts money in circulation at home, assists to pay our taxes, aids local improvements, and indirectly as well as directly helps build up our city and improves the well being of our citizens.

HOW ENGLAND VIEWS IT

ENGLAND, always a maritime nation, has never viewed with favor efforts of the United States to make its shipping board function properly. It has always regarded with a cold eye the shipping activities of others. And so Britain is immensely cheered by indications that America is about to abandon its business of operating ships.

The London Daily Graphic makes this comment: "America must not feel hurt if the news that the huge mercantile navy is for sale is received over here with smiles of triumph. After the war the United States government proclaimed its intention of creating a mercantile marine to carry all American exports to foreign countries. The government bought or acquired more than 1,000 ships, some of the largest in the world among them, and passed navigation laws and used every possible means to boost them. In spite of all, American ships went on carrying only American goods and passengers."

SCHOOL FOR MAIDS

THE suggestion has been made by some housewives of Brainerd that there is need of a school for maids where they may gain ideas in domestic science and especially in the proper technique of the serving of dinners, etc. The suggestion has also been made that a night school be created for giving such instruction, provided, of course, there were pupils enough to warrant such action.

The Brainerd school system is gaining much favorable mention and is proving very successful in its various activities. A well instructed maid is a jewel in any household and if she can take a postgraduate course in a local night school and emerge highly qualified and capable, her services should be worth more pay. So the whole suggestion is something to appeal to the maid and to her employer.

FOR COOLIDGE

ACCORDING to advices gained by the Dispatch, Crow Wing county delegates elected at the Republican caucuses held last night are substantially in favor of Coolidge for president. This sentiment was reflected in no uncertain way in Brainerd where not a Republican delegate has, it is believed, any other candidate in mind.

The same sentiment, it seems evident, comes from every precinct, outside of Brainerd, making its report.

PEP BANQUET

BY THE LEGION

Will Entertain Members of First and Second High School Basketball Teams

AT STEAK DINNER TONIGHT

In Recognition of Ability of Boys in Representing Brainerd High School This Season

The American Legion will entertain the members of the first and second high school basketball teams at a steak dinner at the Ransford hotel this evening.

The American Legion has put forth this dinner as a pep banquet to the boys in honor of their ability in representing the Brainerd high school during the season. The boys of the Brainerd teams are not only first class athletes but every man on both teams has proved his true sportsmanship. The American Legion in giving this initial banquet to the high school teams is endeavoring to impress on all the younger men of the community the necessity of not only being good players, but also good sportsmen as well and to encourage the team in their endeavor to be victorious at the coming tournament at Bemidji.

The program for this evening is full of pep from start to finish and the committees have all been working very hard. Those in charge of the banquet tonight are:

General chairman—Milton Mahlum.
Banquet arrangements—Kirk Smith, A. A. Gieriet, Clyde E. Parker.

Music—Dr. Badeaux, Al Mraz, Henry Fossum.

Finance and Tickets—Earl O'Brien, Gerald McGivern, W. T. Conkin, Walter J. Milnar, C. C. Davis.

Speakers and Program—Bert Orne, Ralph Falconer, Melville Bredenberg.

There are still a few tickets that can be obtained at the Ransford hotel previous to the time of the banquet and any interested men of the community are invited to attend.

ASK COURT TO BAR LA FOLLETTE'S NAME FROM N. D. PRIMARY

(By United Press)

Bismarck, N. D., March 3.—Attorneys for H. W. Tucker, campaign manager for Hiram Johnson in North Dakota, today asked the supreme court to bar the name of Robert M. La Follette, of Wisconsin, from the primary ballot.

Up to noon no order had been issued by the court, and it was not indicated whether the court would announce it today.

The Chief Worry

Headlight Bill was a colored gentleman of sporting proclivities, who had got his name from a large diamond which he wore as a stud. He had occasion to consult a doctor about a "miser" in his chest.

The medical man eyed the stud keenly. This made Headlight somewhat uneasy.

After asking a number of questions, the doctor produced a stethoscope and placed it squarely over the stud. Finishing his examination the doctor looked solemn. So did the patient.

"An't it genuwine, doctah?" asked Headlight.—Pittsburgh Sun.

Kellogg's Bran did more in two weeks than medicine taken in 20 years

Out of regard for your own health, read this letter:

Gentlemen:
Your "Krumbled Bran," used by me as a cereal, has done more for me in two weeks than the hundreds of dollars' worth of medicine I have taken in last twenty years for constipation. It is wonderful, and it is so simple.

Yours truly,
Arlington H. Carman,
Patehogue, N. Y.
Mr. Carman's experience has been duplicated in thousands of homes. Why does Kellogg's Bran succeed when drugs and pills fail? The answer is simple. Drugs have an unnatural effect upon the bowels. They irritate the intestines. The more they are used, the more one has to use. Finally, they have no effect at all.

come associated in Montana oil operations.

The correspondence disclosed that last December Walsh and Doheny were exchanging letters and telegrams relative to a possible association in the drilling of offset wells in Montana.

The suggestion came from State Senator Hogan, of Montana. Walsh said, in a letter to Doheny. Walsh's letter made no proposal of his participation in the project, but Doheny replied by wire suggesting that Walsh, or his brother John, join him in the work. Walsh immediately declined. In a letter replying to Doheny's telegram, he said he held it unwise to engage in any business dependent in any appreciable degree on government favor. Walsh then mentioned that some years ago he declined to participate in sheep ranches because it was based on government leases.

"I preferred to be thought oversensitive, than to be under suspicion of having utilized the position to which my people have elevated me for my own profit," Walsh said.

The dates of the correspondence showed that it was passing between the senator and the oil magnate at the very time the oil investigation was approaching its first sensational disclosures.

Walsh had been warned that the correspondence was to be used against him in an effort to make it appear that he was clandestinely negotiating with Doheny, just before he brought out the damaging disclosures which involved Fall, Doheny, Sinclair and McLean.

COOLIDGE BACKS ADMINISTRATION BILL

Washington, March 4.—President Coolidge still stands squarely behind the administration bill, and he will not commit himself in advance as to whether he will veto or sign any other tax measures that may be passed by congress, it was declared at the White House today.

The statement was designed to dispose recent rumors that the president had informed administration leaders in congress that he approved of the compromise bill passed by the house. The president's position on the tax question is the same as he expressed in his speech to congress and in subsequent public statements he had made, it was declared.

TO INVESTIGATE SHIPPING BOARD

Washington, March 4.—Investigation of the United States shipping board was ordered today by the house.

The resolution by Representative Davis, of Tennessee, for an inquiry into all activities of the board was adopted, the only one dissenting being Representative Blanton, of Texas.

The special committee of seven members will be named by Speaker Gillette to conduct the inquiry.

Washington, March 4.—Filing of the government oil suits has been delayed.

Atlee Pomerene, special government prosecutor, yesterday promised action within a few hours.

Interviewed today, he said the government's petition probably will not be filed today because of certain matters which have come forward for consideration.

Pomerene refused to add to his statement, except to say there would be "plenty of news mighty soon."

Owen J. Roberts, his colleague, also refused to talk.

TUESDAY, MARCH 4, 1924

THE TIME TO "PLACE YOUR HEART"

BRAINERD is today mobilizing something more than its practical sympathy and its impulses of good will for the Heart Fund campaign of 1924. It brings to bear quite as surely its plain business sense.

When a man pays taxes he invests in the corporation known as the nation, the state, the county or the municipality. He shares in the usufruct of what his tax money helps to buy in necessary public service and in other things that go to make for him a fuller and happier life. His family and friends share it with him.

When it comes to investing in the Heart Fund of the Salvation Army he can rest assured that what he gives yields the maximum of beneficent result, and that that result not only blesses the unfortunate, but reflects back favorably on his own personal interests in the community.

The work that is accomplished by the Salvation Army in Brainerd is not merely work that ought to be done. It is work that must be done in some way or other. The Salvation Army endeavors to do that work in the best way. Possibly there can be a better way, but the genius of man has not yet found a better way than the direct, sensible means of the Army. This method has been operative in Brainerd long enough to give it a complete and thorough test in practical efficiency. It is no longer experimental here or the other cities of the state. The intelligent judgment of the city, in the light of this test, conceives of the Salvation Army as well entrenched as the other public and civic institutions of the community.

This is a constructive effort that embodies both the material and the spiritual phases of life. It is a constructive effort in that, while it reduces philanthropy to a science, exalts it to the beautiful thing enjoined on mortals in Holy Writ. It is a constructive effort that re-establishes self-respect in the individual whenever the virtue may have lapsed, and thus discourages the human curse which may be called complacent pauperism.

Subscribing to the Heart Fund is just what it has been represented as being—at once a paying investment.

HOW TO BUILD UP A COMMUNITY

IN order to build up a community, there must be harmony. In order to have harmony, we must have that spirit of good fellowship based on understanding, sympathy and cooperation. Unless you are willing to consider the problems sometimes affecting branches of our community life and assist in solving them you cannot expect the community as a whole to prosper. If you confine your attention only to your own business or interests, and pay no attention to your neighbor, you cannot expect the whole community to thrive.

Our needs, our successes, are all intertwined. If a part of the community suffers through the operation of some stern, unrelaxing economic law, we all suffer.

So, if a community is to thrive, like an individual, every function of civic life, every spirit of creative and building effort, must be in complete harmony and functioning.

The manufacturing interests of Brainerd represent a considerable part and parcel of the city's prosperity. If they thrive, if the community fosters them by buying home-made products, its effect, like a life-giving and building tonic is felt in every artery of trade. Fostering home industries puts money in circulation at home, assists to pay our taxes, aids local improvements, and indirectly as well as directly helps build up our city and improves the well being of our citizens.

HOW ENGLAND VIEWS IT

ENGLAND, always a maritime nation, has never viewed with favor efforts of the United States to make its shipping board function properly. It has always regarded with a cold eye the shipping activities of others. And so Britain is immensely cheered by indications that America is about to abandon its business of operating ships.

The London Daily Graphic makes this comment: "America must not feel hurt if the news that the huge mercantile navy is for sale is received over here with smiles of triumph. After the war the United States government proclaimed its intention of creating a mercantile marine to carry all American exports to foreign countries. The government bought or acquired more than 1,000 ships, some of the largest in the world among them, and passed navigation laws and used every possible means to boost them. In spite of all, American ships went on carrying only American goods and passengers."

SCHOOL FOR MAIDS

THE suggestion has been made by some housewives of Brainerd that there is need of a school for maids where they may gain ideas in domestic science and especially in the proper technique of the serving of dinners, etc. The suggestion has also been made that a night school be created for giving such instruction, provided, of course, there were pupils enough to warrant such action.

The Brainerd school system is gaining much favorable mention and is proving very successful in its various activities. A well instructed maid is a jewel in any household and if she can take a postgraduate course in a local night school and emerge highly qualified and capable, her services should be worth more pay. So the whole suggestion is something to appeal to the maid and to her employer.

FOR COOLIDGE

ACCORDING to advices gained by the Dispatch, Crow Wing county delegates elected at the Republican caucuses held last night are substantially in favor of Coolidge for president. This sentiment was reflected in no uncertain way in Brainerd where not a Republican delegate has, it is believed, any other candidate in mind.

The same sentiment, it seems evident, comes from every precinct, outside of Brainerd, making its report.

SALVATION ARMY MAKES APPEAL

Brainerd's Heart Fund Launched at
Chamber of Commerce Dinner,
50 Workers Present

QUOTA WAS SET AT \$2,400

Inspiring Addresses Made by Walter
F. Wieland, Dr. J. A. Thabes,
Mal Clark, Sam R. Adair

Brainerd's Heart Fund was
launched last evening at the Chamber
of Commerce with
an attendance of
more than 50 of
Brainerd's business
and professional
men and club women. When the
quota of \$2,400
was announced by
the chairman it was received with
hearty approval and the assurance
that it would and could be reached.

The meeting was opened by John
A. Hoffbauer, General Chairman of
the campaign. Mr. Hoffbauer in-
troduced Dr. J. A. Thabes as toast-
master of the dinner.

At the speakers table was County
Attorney Walter F. Wieland who
outlined in an interesting manner
the major activities of the Salvation
Army.

Mal Clark gave an inspiring talk
on the reason why we should all feel
glad of the opportunity of chipping
in something to "carry on" the good
work, while the Salvation Army of-
ficers are giving their unselfish ser-
vice to lift the "down but never out."

Sam R. Adair gave a very apt de-
monstration of Salvation Army work
and graphically brought out the pos-
sibility the Salvation Army holds in
public service.

"Make Heart All Red"

Mal Clark urged all those present
to "Make the Heart All Red" and to
complete their districts by Tuesday
evening. He pointed out the abso-
lute necessity for Brainerd to "carry
on" its good faith with the Salvation
Army and dwelt on the effectiveness
of its work which reaches into cor-
ners where other agencies do not
enter.

Dr. J. A. Thabes said: "I believe
the Salvation Army is the best or-
ganization on earth to promote with-
out sectarian bias the fundamental
principles underlying religion. There
is a growing feeling in community
life that it is not in accord with
good Americanism to fail to support
those organizations that are working
for the moral, civic and spiritual
welfare of mankind. I predict that
this campaign will be a great suc-
cess because the people of Brainerd
are fully aware of the splendid work
which is being done in this com-
munity by this fine organization so
capably efficient and so self-sacrific-
ing and so highly efficient in its
work."

Range Sends Greetings

Hon. Edward P. Scallon of Crosby,
in a long distance message to Nor-
man A. Borgen, campaign director,
voiced the hearty good feeling pre-
vailing on the Cuyuna iron range in
relation to Salvation Army affairs,
and said he was sure the Heart Ap-
peal, which started promptly Tues-
day, would be most successful. The
mining companies and the people
generally were responding hand-
somely.

Mr. Scallon had been selected as
a speaker, but was unable to be pre-
sent. As chairman of the range
solicitation, he has a large corps of
workers under his direction. A
special "kick-off" for these workers
has been arranged to take place in
Crosby. Mr. Scallon, in two years
past, acted as chairman and so
brings to his work rare experience.

Prayer Closes Meeting

Toastmaster Dr. J. A. Thabes, as
the dinner concluded, called on
Adjutant H. Olthoff for a prayer and
in plain, simple words the latter asked
for guidance and help from the
Almighty to make the Heart Appeal
an effective one.

"Come and Get it Buddie!"

The Salvation Army Doughnut
Hut was opened this morning in
charge of the Business and Profes-
sional Women's Club. Mrs. H. Ol-
thoff, wife of the Adjutant, and her
corps of lady assistants are making
the doughnuts and coffee and doing
the serving. "Everyone is asked to
patronize the hut during this week.
"Buy a doughnut and feel refreshed"
is the slogan.

Five Dinner Served

The dinner at the Chamber of
Commerce was served under the
direction of E. J. Quinn, chairman of
the entertainment, house and social
committee of the Chamber. There
was a fine menu and splendid ser-
vice. The diners were seated at
8:25 P. M. and before 7:30 o'clock
the dinner had been served, the ad-
dresses made and the campaign for
the Salvation Army had been given
its "send-off."

Trend

DELEGATES IN CITY ELECTION
Second Ward Has Two Sets of De-
legates Certified to by the
Judges

From information received from
J. D. Schrader, Republican county
and district chairman, it is safe to
state that, from all indications, the
sentiments of all delegates elected
at last night's caucuses in Crow
Wing county are favorable to Calvin
Coolidge for president. Brainerd
delegates elected are 100 percent for
Mr. Coolidge, it is said, as are also
Pequot, Ironton, Crosby, Deerwood,
and the majority of the townships.

Following are the results of the
Republican caucuses held in the
various wards in Brainerd:
First Ward, delegates, R. R. Wise,
D. L. Lagerquist, H. Turcotte.

Second Ward. In this ward two
sets of delegates were certified to by
the judges, because of a question as
to the legality of one set of ballots.
The judges made a notation on the
certificate of election explaining
their action to the convention. On
the first set the following were elec-
ted delegates, J. A. Thabes, J. A. Wil-
son, D. D. Schrader, A. G. Trommald,
Mons Mahlum, Mrs. E. J. Quinn, D. E.
Whitney, Mrs. Charles McKay, W. H.
Gemmell, Mrs. Maude Mannis and
G. W. Chadbourne. Delegates elected
on the second set of ballots in-
cluded W. H. Gemmell, Robt. Duerr,
Blanche E. Weber, Minnie E. Polk,
G. W. Chadbourne, J. F. Woodhead,
Maude F. Mannis, F. A. Farrar, J. A.
Wilson, D. E. Whitney and A. G.
Trommald.

Third Ward, First Precinct—Not
received.
Third Ward, Second Precinct—
Mrs. F. M. Kelly, Mrs. W. C. Rasch.
Fourth Ward—John Holvick, M.
O. Bredenberg.

Fifth Ward—Rose Parker, John
Hurley, Dr. C. A. Nelson, J. M.
Hayes.

COUNTRY CLUB SCENTS SPRING

Directors and Committee Chairmen
Plan for the Coming
Season

BANNER YEAR IN 1924

Improvements Will Include Power
Mower, Tennis Courts,
Etc.

The board of directors, of the
Brainerd Country club, with the
committee chairmen of that organi-
zation, met on Saturday evening at
the Chamber of Commerce for the
purpose of planning activities for
the coming season.

Prospects are exceptionally good
for a banner year in 1924, was the
consensus of opinion at this meeting,
and preparations will be made ac-
cordingly. A number of improve-
ments are being planned in the golf
links, including a power mower to
take place of the horse-drawn
machine, thus enabling the caretaker
to keep the fairways in much better
condition than formerly.

It is planned to install tennis
courts near the club house, provided
there are enough tennis enthusiasts
among the members. It has also
been suggested that horseshoe courts
also be added to the equipment.

The entertainment committee,
with O. A. Peterson as chairman, is
planning a social function for the
latter part of this month, to include
dancing, cards and Mah Jongg, more
of which will be announced later.

The secretary of the Country club
has already had a number of in-
quiries about golfing facilities in
Brainerd, from parties planning sum-
mer tours to the lake country, and
who are basing their vacation on
some locality where they may have
an opportunity to use the links.

About five hundred such tourists
took advantage of the local links
last season, and it is expected that
many more than this number will
visit the club during 1924. The or-
ganization feels that its golfing
facilities are one of the big induc-
ements that Brainerd has to offer the
summer visitors to the lake region,
and every effort is being made to im-
prove the club's property west of the
city.

DOROTHY A. LAFAVOR DIED

Was Three Year Old Daughter of
Charles LaFavor, Death Due
to Pneumonia

Dorothy Allyce LaFavor, three
year old daughter of Mr. and Mrs.
Charles LaFavor, passed away at
1:10 o'clock Monday morning, at the
family home, 415 Oak street, death
being caused by pneumonia.

The funeral was held from the
First Baptist church at two o'clock
Tuesday afternoon, and burial made
in Evergreen cemetery.

DANCING AND LUNCHEON

J. M. Card, Manager Brainerd
Model Laundry, Is Host to
Workers and Friends

J. M. Card, manager of the Brainerd
Model Laundry, entertained on
Saturday evening in honor of the em-
ployees of that institution and their
friends, some 25 guests being pre-
sent.

The merrymakers took full control
of the laundry rooms, where dancing
and games were enjoyed and a de-
licious luncheon served. The party
continued until midnight, and all
present voted Mr. Card an excep-
tional host.

Lundby-Potter

George M. Lundby, of Edmore,
N. D., and Miss Maude M. Pot-
ter, of North Long Lake township,
were united in marriage at eight
o'clock Saturday evening at the par-
sonage of the Methodist church, Rev.
E. A. Cooke officiating.

The bride was attended by her
sister, Miss Blanche Potter and by
Mrs. F. E. Ebner. Fred B. Potter,
brother of the bride acted as best
man.

The newlyweds left on the mid-
night train for Edmore, where they
will make their future home.

James M. Gorham is announcing
in another column of the Dispatch,
the opening of his new 10,000 Lakes
photograph studio at 714 Front
street. This was formerly the
Birkeland Studio, but while under
the same management, is newly
equipped throughout.

Nothing has been spared to make
this one of the best and most modern
studios in this section of the state.
The quarters have been refinished,
redecorated and newly furnished.
Each department has much more
room than formerly could be given
in the smaller location.

Mr. Gorham will specialize in por-
traiture and commercial photography
and will give much attention to the
taking of baby pictures. Miss
Beatrice Gressler, of Middle River,
Minn., has been employed as assist-
ant. She comes very highly recom-
mended, with much practical expe-
rience in photography to her credit.

The 10,000 Lakes Studio will con-
duct a large amateur finishing de-
partment, maintaining one-day ser-
vice, a feature that will be much ap-
preciated by the public. The picture
framing department is equipped to

SALVATION ARMY MAKES APPEAL

Brainerd's Heart Fund Launched at
Chamber of Commerce Dinner,
50 Workers Present

QUOTA WAS SET AT \$2,400

Inspiring Addresses Made by Walter
F. Wieland, Dr. J. A. Thabes,
Mal Clark, Sam R. Adair

Brainerd's Heart Fund was
launched last evening at the Chamber
of Commerce with an attendance
of more than 50 of

Brainerd's business and professional
men and club women. When the
quota of \$2,400 was announced by
the chairman it was received with
hearty approval and the assurance
that it would and could be reached.

The meeting was opened by John
A. Hoffbauer, General Chairman of
the campaign. Mr. Hoffbauer in-
troduced Dr. J. A. Thabes as toast-
master of the dinner.

At the speakers table was County
Attorney Walter F. Wieland who
outlined in an interesting manner
the major activities of the Salvation
Army.

Mal Clark gave an inspiring talk
on the reason why we should all feel
glad of the opportunity of chipping
in something to "carry on" the good
work, while the Salvation Army of-
ficers are giving their unselfish ser-
vice to lift the "down but never out."

Sam R. Adair gave a very apt de-
monstration of Salvation Army work
and graphically brought out the pos-
ition the Salvation Army holds in
public service.

"Make Heart All Red"

Mal Clark urged all those present
to "Make the Heart All Red" and to
complete their districts by Tuesday
evening. He pointed out the abso-
lute necessity for Brainerd to "carry
on" its good faith with the Salvation
Army and dwelt on the effectiveness
of its work which reaches into cor-
ners where other agencies do not
enter.

Dr. J. A. Thabes said: "I believe
the Salvation Army is the best or-
ganization on earth to promote with-
out sectarian bias the fundamental
principles underlying religion. There
is a growing feeling in community
life that it is not in accord with
good Americanism to fail to support
those organizations that are working
for the moral, civic and spiritual
welfare of mankind. I predict that
this campaign will be a great suc-
cess because the people of Brainerd
are fully aware of the splendid work
which is being done in this com-
munity by this fine organization so
capably efficient and so self-sacrific-
ing and so highly efficient in its
work."

Range Sends Greetings

Hon. Edward P. Scallon of Crosby,
in a long distance message to Nor-
man A. Borgen, campaign director,
voiced the hearty good feeling pre-
vailing on the Cuyuna Iron range in
relation to Salvation Army affairs,
and said he was sure the Heart Ap-
peal, which started promptly Tues-
day, would be most successful. The
mining companies and the people
generally were responding hand-
somely.

ONLY WALKER IS LEFT FOR LEONARD

By HENRY L. FARRELL
United Press Sports Editor

New York, March 4.—Benny Leonard, if he wants to make any real money in the ring this summer, will have to move out of his class and meet Mickey Walker for the welterweight championship.

Leonard is positively without an opponent in the lightweight class who would more than fill Madison Square Garden, let alone one that would be a card for a big outdoor show.

Johnny Dundee spoiled the chances of Pal Moran, the New Orleans lightweight, just when it looked as if Moran could be built up into a real challenger.

Dundee insists that Leonard is afraid to fight him, but it will not be proved on Leonard, because no promoter is going to try to stage such a bout.

Rocky Kansas was held to a draw recently by Jack Bernstein, a junior lightweight. Richie Mitchell is through. Lew Tendler is through. Charley White is through, and Sailor Friedman is out of it.

Bernstein might be built up into a match for the title, but it can't be done in time for a big bout this summer and it may never be done, because Bernstein is such an uninteresting performer.

Leonard could make some money by fighting Mickey Walker but, if the smart fans are not wrong, he would make a mistake in fighting him.

Jack Britton, from whom Walker took the championship, said recently that he would bet a lot of money that Walker stops Leonard if they ever meet. Harry Greb is another one of the boxers who figures that Walker is too rugged and can punch too hard for the lightweight champion.

Leonard, of course, would have nothing but his reputation to lose in a fight with Walker, but his record is an asset in his theatrical enterprises and he is somewhat proud of it.

AMUSEMENTS

Off again, on again.
Old Shylock, who demanded one pound of flesh, was a piker compared

Colleen Moore in
"LOOK YOUR BEST"
A Goldwyn Picture

to Rupert Hughes, say Colleen Moore, who lost twelve pounds of her precious self.

It's this way. "Look Your Best,"

the latest Rupert Hughes-Goldwyn production, which comes to the Lyceum Theatre for two days, commencing Wednesday required that Miss Moore, who plays the leading role, be very thin at first and at the end blossom out into a milk-fed coryphoe.

In two weeks Colleen, who weighed 110, had to get down to 98. Then when that part of the picture was completed, she had to climb to 118. She shed the pounds by a rigid diet, like this:

Breakfast—half a grapefruit, a thin slice of dry toast and a cup of coffee.

Lunch—fruit salad with French dressing, crackers and a glass of lemonade.

Dinner—meat and one vegetable, but no potatoes; dry toast and a cup of tea.

Stetson's "Uncle Tom's Cabin" Company Coming

Leon W. Washburn's elaborate revival of the original production of the Stetson "Uncle Tom's Cabin," the company that never disappoints, the one that never misrepresents, the one that sends you home feeling satisfied you have received good value for your money when they say "Good Night" is announced as the attraction at the New Park theatre for matinee and evening performances, on Tuesday March 11th, the matinee commencing immediately after school dismisses.

BRAINERD TO PLAY LITTLE FALLS

AT DISTRICT TOURNAMENT IN
BEMIDJI ON MARCH
6TH

(By L. P.)

Brainerd plays Little Falls at the district tournament Thursday evening, March 6. This will prove Brainerd's hardest game and if she comes out a winner over the Falls, the Blue and White will take on St. Cloud Friday evening.

The Brainerd squad journeyed to Crosby last Monday night for practice on the large floor and will leave for Bemidji Wednesday afternoon so as to rest up after the long ride and have the privilege to practice on the tournament floor.

Brainerd is in the pink of condition for the clash with Little Falls and the boys will play a great game. Coach Rosel will take eight men on the trip.

Staples plays Pine River the same evening and the winner clashes with Bemidji.

Fargo, N. D., March 4.—Eight district basketball tournaments are being held today and tomorrow in the state to determine the eligibles for the state high school tournament at Valley City March 21 and 22.

Following are the tournament points and managers:

First—Agricultural College, Fargo, S. W. Borleske.

Second—Jamestown, Karl Erickson.

Third—Mandan, Supt. C. L. Love.

Fourth—President T. S. May, Normal.

Fifth—University, Paul J. Davis.

Sixth—Devils Lake, Nelson Sauvain.

Seventh—Minot, Carl Bublitz.

Eighth—Bowbells, Supt. J. Wilson.

SOUTHERN MINNESOTA BASEBALL LEAGUE

Owatoona, Minn., March 4.—A reorganization meeting of the Southern Minnesota Baseball league is being held here today.

The admission of Rochester to the league is a much mooted question owing to the fact that the Queen City has demanded to pitch Swede Risberg, former White Sox player. Risberg was ruled out in the Chicago baseball scandal and is regarded as an outlaw in the big leagues. His calibre for small league playing is too great, baseball backers in towns outside of Rochester assert.

Election of officers and final decision of other questions is anticipated at the meeting here today.

Lewis' Opponent Also Exponent of Headlock

Minneapolis, March 4.—"Strangler" Ed Lewis, world's heavyweight champion wrestler, will meet a rival exponent of the deadly headlock in the person of "Cowboy" Jack McCarthy of Montana in their wrestling match at the Gayety on Wednesday night.

McCarthy is said to be an expert in the use of the headlock, having used this punishing hold effectively during the two years that he has engaged in professional wrestling. McCarthy was a noted rodeo performer before he took up the grappling pastime, his specialties being broncho busting and bulldogging steers.

Real Westerners in Emerson Hough Film

In filming "The Way of a Man" as an Emerson Hough's novel, Pathepicture, for the several difficult masculine roles of the story it became necessary for George B. Seitz, director, to employ genuine westerners because of the fast riding, dangerous fights and necessary "bump of location."

One of these roles was assigned to Chet Ryan, an ex-cowboy from Wyoming. He plays Mandy McGovern's cowardly son, Andy. Whitehorse was an ideal and natural selection for the role of Aubury, the scout. Whitehorse having been raised by Indians who stole him from his white parents. Bud Osborne is another ex-cowboy and an actor of many years' experience. He interprets the difficult and mysterious role of Gordon Orme, one of the great villain roles of the screen or fiction. Harold Miller, gentleman of California, cast as the hero, John Cowles, gentleman of Virginia.

"The Way of a Man" will be shown at the Lyceum theatre last time tonight.

16 Year Old Olcott Zarn, Youngest Winner of American Dog Derby, with Speedy Team Leader

Young Zarn won the annual dog derby at Boise, Idaho, in 2 hours, 22 minutes, 40 seconds. His victory was somewhat of a surprise as he was competing against veterans. "Smoky" Gaston last year's victor, finished third. Zarn is the youngest driver who ever tried for honors in this event.

Anders Haugen Jumps 197 Feet at Ironwood, Falls; Brannas Wins

Ironwood, Mich., March 4.—In a frantic effort to defeat the Ironwood riders, Anders Haugen, captain of the American Olympic team, leaped 197 feet on Ironwood slide yesterday but fell. Haugen refused to ride again after the fall and the crowd booed him. In his first effort he made 165 feet.

William Brannas of Ironwood made 185 feet in his last ride and 149 and 162 in his other rides. Clarence Berling, another Ironwood rider, reached 177 and 170 feet in two attempts, failing in the third.

John Fieldseth and Leonard Anderson also beat Haugen's marks. Harry Lien, another Olympic man, made 148 feet in his best effort, which was five feet short of the record for boys made here last Sunday.

Before participating, Haugen insisted that the takeoff be shortened 5 feet and that other changes be made in the slide, which handicapped the Ironwood riders.

Women to See Fights On Auditorium Card

Minneapolis, March 4.—Boxing bouts arranged for the program of the Twin City School of Social Study at the Minneapolis auditorium tonight will be witnessed by many women, for whom the card was primarily arranged, according to P. W. O'Grady, executive secretary of the school. The program will include, in addition to regular bouts, an exhibition in which Tom Gibbons will demonstrate tactics explained by his brother Mike. It is the object of the school to show parents the character building possibilities of boxing.

YANKEES ARRIVE IN TRAINING CAMP

New Orleans, March 4.—Manager Miller Huggins of the New York Yankees, accompanied by 19 members of the Yankees' roster, a majority of them recruits, has arrived here and today will trot his men to Heinemann park for the first week of the spring training season. The remainder of the Yankee squad is scheduled to put in an appearance before Sunday, when the New Orleans Pelicans and the Yankees will take the field in the first annual exhibition series.

BABE RUTH TO RESUME TRAINING IN FEW DAYS

Hot Springs, Ark., March 4.—Geo. Herman (Babe) Ruth, suffering from a slight recurrence of influenza during the last two days, continued to make rapid strides toward normalcy. His physician declared that the baseball star will be able to resume training in a few days unless unforeseen complications which are declared highly improbable, set in.

Tom Gibbons Matched For Bout in Winnipeg

Winnipeg, March 4.—Tommy Gibbons, St. Paul light heavyweight, who went 15 rounds with Jack Dempsey at Shelby, Mont., will meet Jack Moore, New York heavyweight, in a 10 round bout here on March 14, it was announced today.

Coleraine Slide Mark Broken by Chicagoan

Coleraine, Minn., March 4.—Alfred Bakken, Chicago, broke a record of 14 years' standing on the Trout Lake hill ski slide Sunday when he stretched a standing jump out to 150 feet. The previous record of 148 feet was made by Barney Riley, veteran jumper, in 1910.

Rolf Mangseth won the first leg of the G. G. Hartley Memorial trophy in the Itasca Ski club meet.

Page, Rockne Mentioned For Post as Iowa Coach

Iowa City, Iowa, March 4.—Both Pat Page of Chicago and Knute Rockne of Notre Dame are being discussed as Iowa football coaches to replace Howard Jones, resigned.

Getting Ready for Tomorrow

THE average man, busy with his own affairs, has little time to consider the vast amount of anticipatory work necessary to maintain a high standard of service in the petroleum industry.

Just as the merchant buys straw hats in November and furs in early summer, so does the Standard Oil Company (Indiana) prepare in winter to supply you in summer with the gasoline and other petroleum products you may need.

Today, this Company is spending millions of dollars to purchase crude oil and to convert this oil into refined products so that next summer it may meet its obligations to supply the demand for gasoline and other petroleum products when pleasant weather makes motoring attractive and agricultural activities necessary.

Such an effort takes on greater significance when it is known that the production of crude has been checked sharply.

The American Petroleum Institute reports that from September 8 to December 15, 1923, the production of crude oil fell off 337,400 barrels per day.

This brings production to a point where it is 56,700 barrels less per day than the estimated daily average consumption.

The Standard Oil Company (Indiana) is preparing in advance to meet any demands which may be made upon it. It has a tremendous investment in storage facilities, located strategically throughout the territory it serves. By keeping this storage full it insures you an uninterrupted supply of petroleum products at all times.

To picture the enormous task confronting the Standard Oil Company (Indiana) it is only necessary to state that estimates made by the National Petroleum News indicate that the 1924 gasoline consumption will total 8 billion 236 million gallons.

With 31% of the automotive registrations of the country concentrated in the ten Middle Western States served by this Company, this estimate means that 2 billion 553 million gallons of gasoline will be required to supply these states.

Preparing now for the summer peak load is only another phase of the broad and comprehensive service rendered by this Company, which has gained the respect, confidence and esteem of the thirty million people of the Middle West.

CANNING WITH ARRELL

ONLY WALKER IS LEFT FOR LEONARD

By HENRY L. FARRELL
United Press Sports Editor

New York, March 4.—Benny Leonard, if he wants to make any real money in the ring this summer, will have to move out of his class and meet Mickey Walker for the welterweight championship.

Leonard is positively without an opponent in the lightweight class who would more than fill Madison Square Garden, let alone one that would be a card for a big outdoor show.

Johnny Dundee spoiled the chances of Pal Moran, the New Orleans lightweight, just when it looked as if Moran could be built up into a real challenger.

Dundee insists that Leonard is afraid to fight him, but it will not be proved on Leonard, because no promoter is going to try to stage such a bout.

Rocky Kansas was held to a draw recently by Jack Bernstein, a junior lightweight. Richie Mitchell is through. Lew Tendler is through. Charley White is through, and Sailor Friedman is out of it.

Bernstein might be built up into a match for the title, but it can't be done in time for a big bout this summer and it may never be done, because Bernstein is such an uninteresting performer.

Leonard could make some money by fighting Mickey Walker but, if the smart fans are not wrong, he would make a mistake in fighting him.

Jack Britton, from whom Walker took the championship, said recently that he would bet a lot of money that Walker stops Leonard if they ever meet. Harry Greb is another one of the boxers who figures that Walker is too rugged and can punch too hard for the lightweight champion.

Leonard, of course, would have nothing but his reputation to lose in a fight with Walker, but his record is an asset in his theatrical enterprises and he is somewhat proud of it.

AMUSEMENTS

Off again, on again.
Old Shylock, who demanded one pound of flesh, was a piker compared

Colleen Moore in
"LOOK YOUR BEST"
A Goldwyn Picture

to Rupert Hughes, say Colleen Moore, who lost twelve pounds of her precious self.

It's this way. "Look Your Best."

the latest Rupert Hughes-Goldwyn production, which comes to the Lyceum Theatre for two days, commencing Wednesday required that Miss Moore, who plays the leading role, be very thin at first and at the end blossom out into a milk-fed coryphoe.

In two weeks Colleen, who weighed 110, had to get down to 98. Then when that part of the picture was completed, she had to climb to 118. She shed the pounds by a rigid diet, like this:

Breakfast—half a grapefruit, a thin slice of dry toast and a cup of coffee.

Lunch—fruit salad with French dressing, crackers and a glass of lemonade.

Dinner—meat and one vegetable, but no potatoes; dry toast and a cup of tea.

BRAINERD TO PLAY LITTLE FALLS

AT DISTRICT TOURNAMENT IN BEMIDJI ON MARCH 6TH

(By L. P.)

Brainerd plays Little Falls at the district tournament Thursday evening, March 6. This will prove Brainerd's hardest game and if she comes out a winner over the Falls, the Blue and White will take on St. Cloud Friday evening.

The Brainerd squad journeyed to Crosby last Monday night for practice on the large floor and will leave for Bemidji Wednesday afternoon so as to rest up after the long ride and have the privilege to practice on the tournament floor.

Brainerd is in the pink of condition for the clash with Little Falls and the boys will play a great game.

Coach Rosel will take eight men on the trip.

Staples plays Pine River the same evening and the winner clashes with Bemidji.

Young Zarn won the annual dog derby at Boise, Idaho, in 2 hours, 22 minutes, 40 seconds. His victory was somewhat of a surprise as he was competing against veterans. "Smoky" Gaston last year's victor, finished third. Zarn is the youngest driver who ever tried for honors in this event.

Anders Haugen Jumps 197 Feet at Ironwood, Falls; Brannas Wins

Ironwood, Mich., March 4.—In a frantic effort to defeat the Ironwood riders, Anders Haugen, captain of the American Olympic team, leaped 197 feet on Ironwood slide yesterday but fell. Haugen refused to ride again after the fall and the crowd booed him. In his first effort he made 165 feet.

William Brannas of Ironwood made 185 feet in his last ride and 149 and 162 in his other rides. Clarence Berling, another Ironwood rider, reached 177 and 170 feet in two attempts, failing in the third.

John Fieldseth and Leonard Anderson also beat Haugen's marks. Harry Lien, another Olympic man, made 148 feet in his best effort, which was five feet short of the record for boys made here last Sunday.

Before participating, Haugen insisted that the takeoff be shortened 5 feet and that other changes be made in the slide, which handicapped the Ironwood riders.
